This is the template for Patron Members to showcase their success stories on the HKGBC Website. Please do follow the guidelines indicated in this page of sample; and develop the page for your own projects. This Summary paragraph should contain about 50 to 100 words; and the content should include the project brief, site area, development density, project scale, relevant award, if any, etc. On top of this paragraph of Summary, please provide highlights of this project on the SA, MA, EU, WU, and IEQ based on BEAM Plus standards. A reference link should also be included at end of this page.

**Site Aspects (SA)**  
You may try to indicate information with respect to Site Aspects (SA) under BEAM Plus for this project, e.g. how many credits for SA have been achieved, how to achieve, etc. Any specific features that you would want to highlight, etc.

**Materials Aspects (MA)**  
You may try to indicate information with respect to Materials Aspects (MA) under BEAM Plus for this project, e.g. how many credits for MA have been achieved, how to achieve, etc. Any specific features that you would want to highlight, etc.

**Energy Use (EU)**  
You may try to indicate information with respect to Energy Use (EU) under BEAM Plus for this project, e.g. how many credits for EU have been achieved, how to achieve, etc. Any specific features that you would want to highlight, etc.

**Water Use (WU)**  
You may try to indicate information with respect to Water Use (WU) under BEAM Plus for this project, e.g. how many credits for WU have been achieved, how to achieve, etc. Any specific features that you would want to highlight, etc.

**Indoor Environmental Quality (IEQ)**  
You may try to indicate information with respect to Indoor Environmental Quality Aspects (IEQ) under BEAM Plus for this project, e.g. how many credits for IEQ have been achieved, how to achieve, etc. Any specific features that you would want to highlight, etc.
