

# Case Sharing of HK G-PASS Platinum Green Products

3 August 2018 (Friday)

7:00 – 8:30 pm

Room 109-110, Jockey Club Environmental Building,  
77 Tat Chee Avenue, Kowloon Tong

Since launch in 2015, “HKGBC Green Product Accreditation and Standards (HK G-PASS)” established standardised measures in the green impact of the building products. The certification scheme focuses on various aspects such as raw materials, manufacturing process, embodied carbon, toxicity, etc. Certified green products may contribute to credits achievement in **BEAM Plus** the green building assessment scheme, e.g. in MWA 2 under BEAM Plus Existing Buildings (EB) V2.0.

This seminar will cover case sharing of two certified **HK G-PASS Platinum** green products. Speakers will share the achievements of their green products in HK G-PASS and examples of adoption of such green products in building projects.

## Introduction of HK G-PASS and its Linkage to BEAM Plus Assessments

**Speaker: Dr Paul Sat, Head of Research and Public Education,  
Hong Kong Green Building Council**

## Case Sharing 1 AUGREEN Block Wall System

**Speaker: Mr Ricky Tsang, Founder and Managing Director,  
CaSO (HK) Engineering Company Limited**

## Case Sharing 2

### Nippon Paint ZeroTec Interior Emulsion Paint

**Speaker: Ms Frances Pang & Ms Elsa Cheung, Project Development  
Department, Nippon Paint (H.K.) Co., Ltd**
